A dashed rectangular box containing a ten-frame (a 2x5 grid) with 10 gray circles. To the left of the ten-frame are 4 individual gray circles. To the right of the ten-frame is an equals sign (=) followed by a large, empty rounded rectangular box for the answer.

A dashed rectangular box containing a ten-frame (a 2x5 grid) with 10 gray circles. To the left of the ten-frame are 5 individual gray circles. To the right of the ten-frame is an equals sign (=) followed by a large, empty rounded rectangular box for the answer.

Travail de dénombrement autour du concept de dizaine(s) :

---

A ten-frame (a 2x5 grid) is shown, tilted slightly. It contains 10 gray circles, 5 in each row. To the left of the ten-frame are 2 scattered gray circles. Above the ten-frame are 2 scattered gray circles. To the right of the ten-frame is 1 scattered gray circle. Below the ten-frame are 3 scattered gray circles. To the right of the scattered circles is an equals sign (=) followed by a large, empty rectangular box for the answer.

Travail de dénombrement autour du concept de dizaine(s) :

---

A ten-frame (a 2x5 grid) is shown, tilted slightly. It contains 10 grey circles, one in each cell. To the left of the ten-frame are 2 grey circles. To the right are 3 grey circles. Below the ten-frame are 2 grey circles. To the right of the circles is an equals sign (=) followed by a large empty rounded rectangular box for the answer.

A collection of 10 grey circles scattered in a roughly rectangular area. To the right of the circles is an equals sign (=) followed by a large empty rounded rectangular box for the answer.
